

UTSOA 2017 Graduates: BSID CIDA Student Achievement

ATTRITION/RETENTION

BSID Freshmen: Ten freshmen began in fall 2013 as Interior Design majors; six students (60%) remained after the first year. Attrition out of the BSID program after the first year was 40% (four students); one student transferred into the Bachelor of Architecture program and three students transferred into a major outside of the School of Architecture.

BSID Transfer Students: Zero internal transfer students joined the first-year cohort in fall 2013.

GRADUATION RATES

Eleven students graduated with the BSID in 2017 (six in spring, three in summer, and two in fall). Five of the 11 graduates were in the fall 2013 freshman cohort and of those, four graduated within four years of entering UT; the remaining one student from the fall 2013 freshman cohort graduated with an additional semester of study. Of the remaining six graduates, three entered the Interior Design major as internal transfer students after fall 2013 and three were returning students (i.e. entered the school prior to fall 2013); thus, they were not in the fall 2013 first-year cohort.

JOB PLACEMENT RATES

Approximately six months after graduation, seven BSID graduates (63.6%) responded to the Career Services' Employments Survey and indicated having entered the design profession at the entry level.

2017 BSID graduates
