

# EMPLOYMENT REPORT

2019

● 2019 UTSOA Graduates

## THE UTSOA INFLUENCE

With nationally ranked programs and a vision that combines intellectual curiosity and ambition with professional practice, it is no wonder that graduates of The University of Texas at Austin School of Architecture are in high demand. In fact, 91% of our surveyed graduating class in 2019 who pursued employment reported finding a job in the months after graduation; 2% opted to pursue graduate studies.

This report compiles the job placement of 2019 UT Austin School of Architecture alumni six months after graduation. Survey data is assembled into an employment report published annually.

The publication organizes jobs by degree and includes employer name, position title, and location for each graduate, while maintaining individual confidentiality. Firms or organizations that employ multiple graduates from the same program are identified by an asterisk. Graduates who participated in a dual degree program are indicated as well. A salary breakdown is included for programs where adequate data was received. This report also includes information about alumni interest in pursuing licensure or certification within each field. Employment type is broken down into public, private, and non-profit sectors for Community and Regional Planning graduates. Data in this report is based upon a 70% survey response rate.

## SALARY BY DEGREE

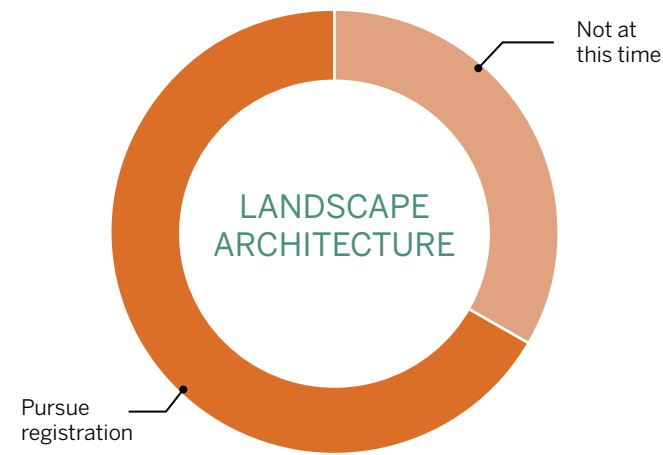

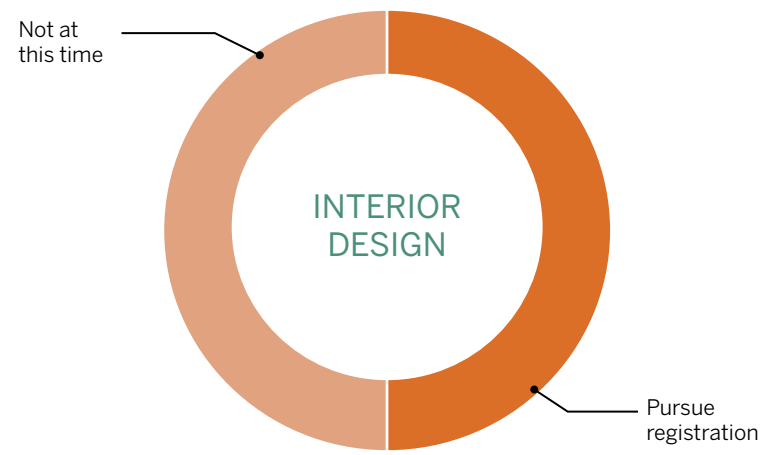

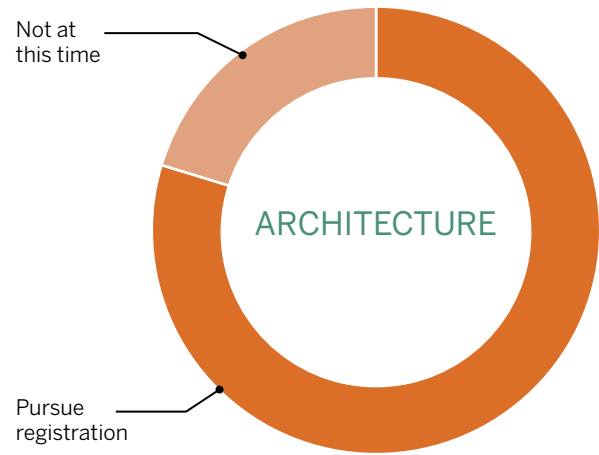

## SALARY BY LOCATION (ARCHITECTURE ONLY)

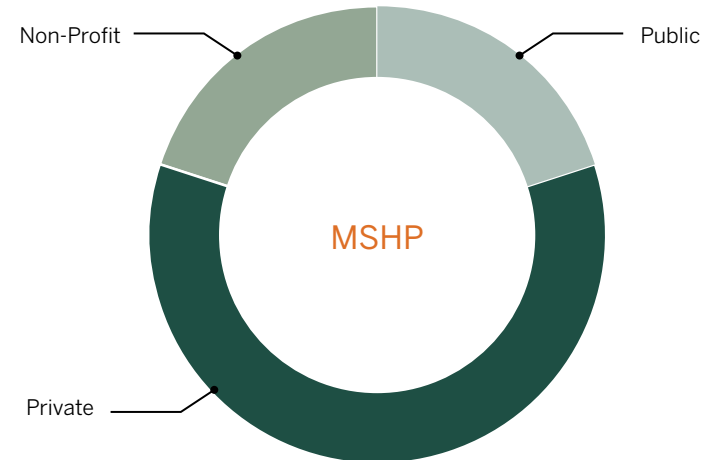

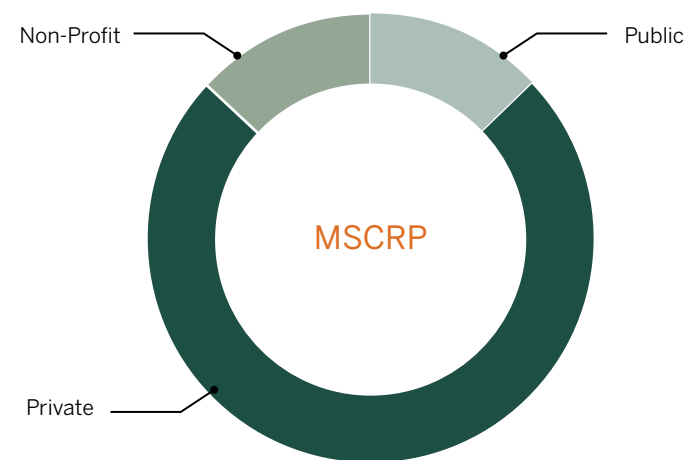

In 2019, a relevant portion of our graduates from UTSOA programs accepted positions in Texas, New York and on the West Coast. This report includes the compiled data for all Texas cities, and individual data for the City of Austin, San Francisco/Los Angeles, and New York City.

In order to protect confidentiality, the report excludes cities with small sample sizes. The variety of cities in which UTSOA graduates now reside appear within the employer lists.

# ADVICE FROM UTSOA GRADUATES

“Don’t be afraid to reach out to people you know and use the connections that you have.”

\_\_\_\_\_ M.Arch

M.Arch \_\_\_\_\_

“Networking is more important and fun than it seems, and to take advantage of all the opportunities available while still being a student.”

“Be patient, and wait until you find the right fit for you. Think carefully about the type of work environment you want and not just about the work you will be doing.”

\_\_\_\_\_ CRP

CRP \_\_\_\_\_

“Start the application process early. Some amazing opportunities are only available to graduating students. Throwing your name in the hat never hurts because then you have more options to consider when the time comes.”

“Get involved both inside and outside of architecture. Make sure to give back to your community.”

\_\_\_\_\_ B.Arch

M.Arch \_\_\_\_\_

“Don’t feel the pressure to land your dream job right out of the gate, you have your entire career for that.”
