

EMPLOYMENT REPORT

2020

THE UTSOA INFLUENCE

With nationally ranked programs and a vision that combines intellectual curiosity and ambition with professional practice, it is no wonder that graduates of The University of Texas at Austin School of Architecture are in high demand. In fact, 83% of our surveyed graduating class in 2020 who pursued employment reported finding a job in the months after graduation; 3% opted to pursue graduate studies.

This report compiles the job placement of the 2020 UT Austin School of Architecture alumni six months after graduation. Survey data is assembled into an employment report published annually.

The publication organizes jobs by degree and includes employer name, position title, and location for each graduate, while maintaining individual confidentiality. Firms or organizations that employ multiple graduates from the same program are identified by an asterisk. Graduates who participated in a dual degree program are indicated as well. A salary breakdown is included for programs where adequate data was received. This report also includes information about alumni interest in pursuing licensure or certification within each field. Employment type is broken down into public, private, and non-profit sectors for Community and Regional Planning graduates. Data in this report is based upon a 60% survey response rate.

SALARY BY DEGREE

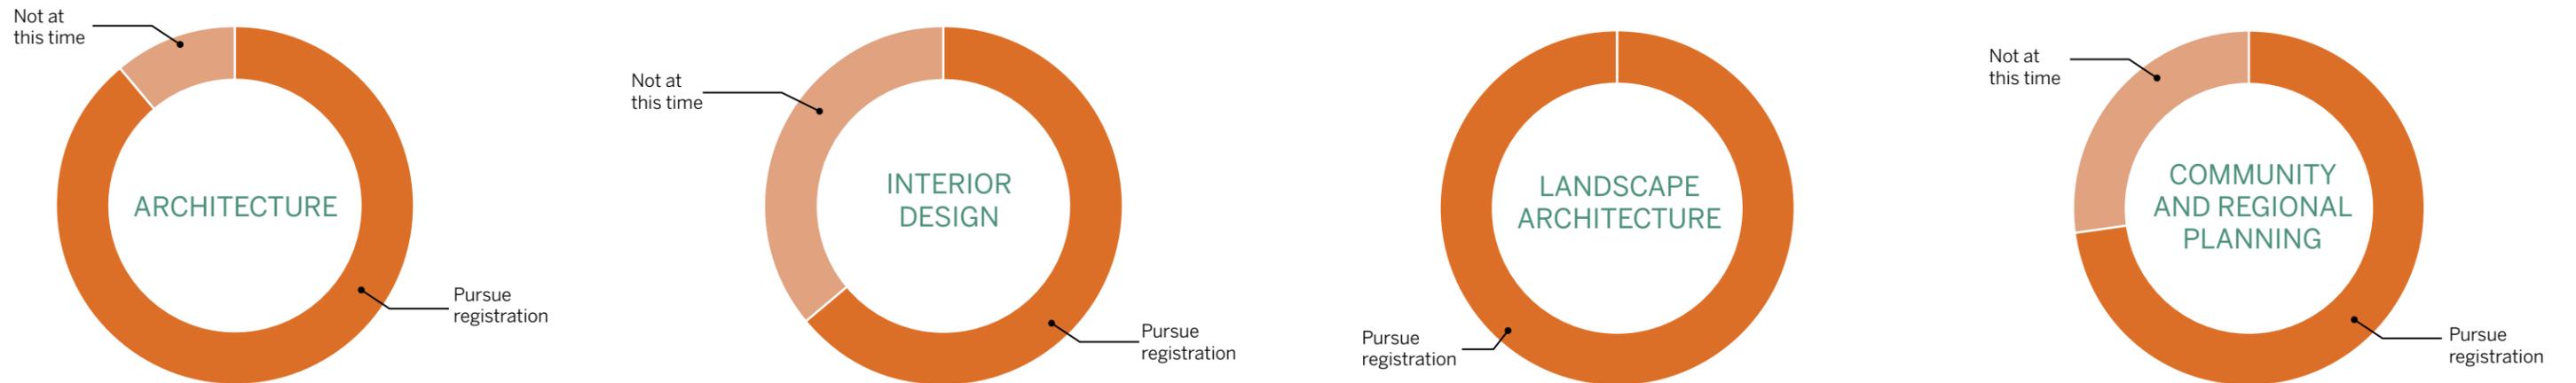

SALARY BY LOCATION

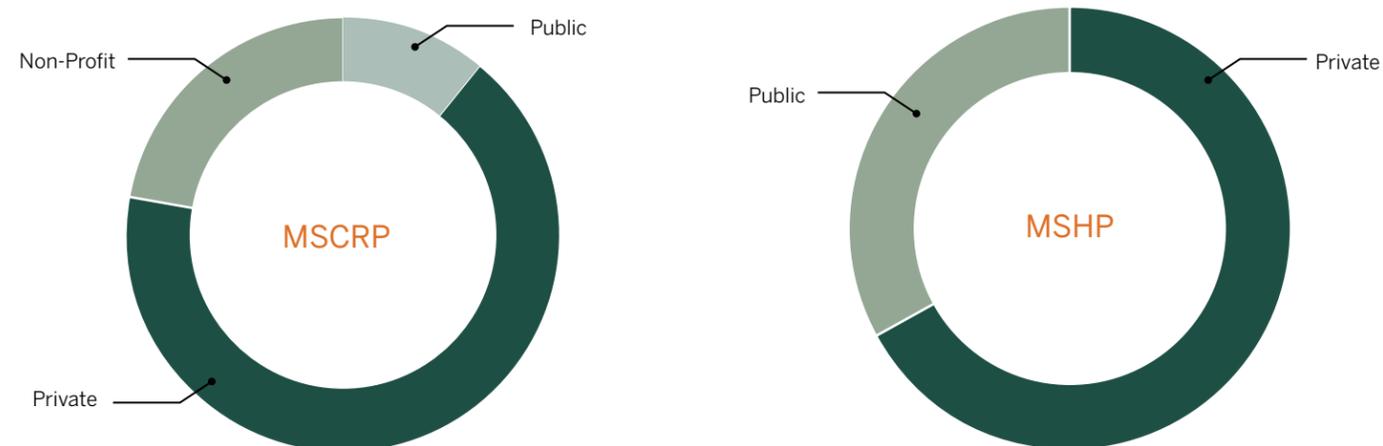

In 2020, a relevant portion of our graduates from UTSOA programs accepted positions in Texas, New York and on the West Coast. This report includes the compiled data for all Texas cities, and individual data for the City of Austin, San Francisco/Los Angeles, and New York City.

In order to protect confidentiality, the report excludes cities with small sample sizes. The variety of cities in which UTSOA graduates now reside appear within the employer lists.

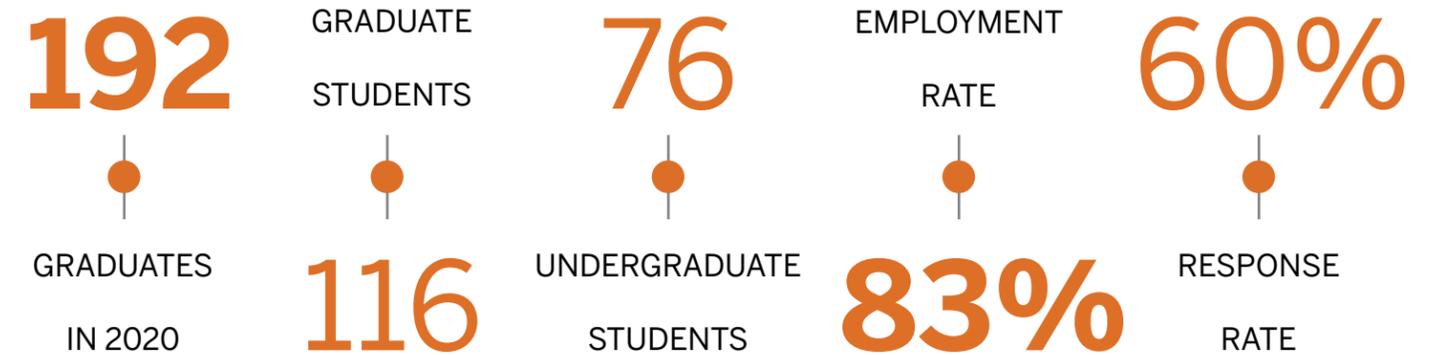

INTEREST IN PURSUING LICENSURE / CERTIFICATION

WORK SECTOR

AT A GLANCE

ADVICE FROM UTSOA GRADUATES

“Take each internship as an opportunity to expand your network and participate in all networking events you can. These relationships don’t happen over night, and you’ll be happy to have them in place to help you on the job search when the time does come to graduate - no matter the market fluctuations.”

_____ M.Arch

M.Arch _____

“Take chances - even if it’s an opportunity that is far from what you expected to be doing. As long as you’re able to learn something new, give it a shot.”

“Keep in touch with people you meet along the way. If a company isn’t hiring but your contact person was kind and willing to offer advice, follow up with them periodically - take advantage of those opportunities to stay informed!”

_____ CRP

CRP _____

“Your cohort is an amazing group of people. Get to know everyone! It’s amazing how strong of a network the CRP community has and you never know where your cohort can take you professionally.”

“As designers, we are lifetime learners. Be willing and open to learn from every situation.”

_____ B.Arch

M.Arch _____

“You get out of the program what you are willing to put into it. Take the extra class, do the extra opportunity etc.”
